Motion to Vacate Dismissal: 341 Held or Not Held?

When filing a Motion to Vacate Dismissal in a case that is less than 2-3 months old, the Clerk's office is asking that practitioners indicate in the motion whether the 341 meeting was held or not held. Sometimes it is difficult to discern whether the meeting was actually convened. If it is pointed out in the motion, the Judge ruling on the motion will have a clearer picture of what should be included or not included in the ensuing Order Vacating Dismissal, if granted.
