Contact the Court's Training Department for Help

Ever had the experience of having to file something, and cannot decide on what event to use? The Clerk's office has spent many hours developing the CM/ECF "dictionary", but admittedly there are documents that may simply not "fit". If this occurs, feel free to contact the Court's Training department (801-524-6575 or email at utb_training@uscourts.gov [1]) to discuss your unique pleading. Not only does this hopefully help the efiler, but it also points out to the Training department that a new event may need to be created(?).
