It is added to the case opening event and is displayed directly after the summary schedules screen (figure 1). The same data is also now required in the case upload utility. For an updated description of the data for case upload., go to the PACER Service Center's site at [http://pacer.psc.uscourts.gov/cmecf/developer/case\\_upload.html](http://pacer.psc.uscourts.gov/cmecf/developer/case_upload.html).

## Reports

Many performance improvements and fixes to bugs have been made to several CM/ECF reports not itemized below.

### Query

- Check boxes for open and closed cases have been added to the selection screen.
- For a bankruptcy case that was closed with version 3.3, the case data displayed at the top of the query screens now includes the dismissed date; discharged and dismissed dates for the joint debtor are also displayed for a joint case. The same data is now also included in the case summary

### Cases Report

- Changes to the style of column headers and to the font have been made as part of an ongoing effort to standardize the format of CM/ECF reports.
- If a joint bankruptcy case was closed with version 3.3, the joint debtor’s disposition, discharged date, and dismissed date are displayed in addition to those items for the first debtor (figure 3).
