

## Courtroom Wireless Internet Access

Published on District of Utah (<https://www.utb.uscourts.gov>)

---

Attorneys can request access to a court-provided Wi-Fi service, free of charge, for use while in the courthouse.

Interested parties will need to read, sign and submit the "[Wireless Courtroom Service Access Registration Form](#) [1]" to court staff.

Once submitted, the process of being added to the network can take a few days and will be confirmed by a member of the I.T. Staff.
