

Email Reminder Notice re: Filing Fees Due

The Clerk's office sends emails to attorneys when an installment payment or filing fee is due. It is usually a very short one or two sentence reminder that an increment is owed and should be paid some time during that day. In some instances, it appears that these emails are either not being seen, or simply ignored. This is an attempt by the Clerk's office to aid debtors to pay their installments or fees owed in a timely manner to avoid dismissal. Please take advantage of this service and help ensure that the payments are made promptly by relying on these short emails.
